Terrible Pains

In the Stomach—Dreadful Head-
aches—Face and Neck Covered
With Boils—Cured by Hood's Sas-
saparilla—Skin is Now Clear.

"I was covered with boils all over my face and neck. I had dreadful headaches and pains in my stomach. I took medicines, but was not much benefited, and I procured six bottles of Hood's Sarsaparilla. After taking the first bottle I could see an improvement. When I had taken a few more bottles the boils had all gone, my skin was clear, my appetite returned, and my health was entirely restored. I am thankful I ever found such a blood purifier as Hood's Sarsaparilla. I paid out a good deal of money for useless medicines before taking Hood's Sarsaparilla." W. F. Beckwith, Hurlock, Maryland.

If you decide to try Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla

Is the Best—in fact the One True Blood Purifier. Be sure to get Hood's. Price \$1.50 for \$5.

THE MODEL SCHOOL SHIP

Presidente Sarmiento of the Argentine
Republic Arrives in Port.

Finest Training Ship Ever in Hawaiian Waters
—Kamehameha and Buchardo
in 1818.

The Argentine training ship Presidente Sarmiento entered the harbor yesterday and anchored in naval row. She was fifteen days coming from San Francisco under sail.

The ship is very nearly new having been built in Birkenhead by Laird Bros. and launched July 31, 1897. Her cost was over \$500,000 not including armament. She is constructed of steel and has a speed under natural draft of 14 knots. Except in entering port and docking the steam power is not used and her officers feel proud of her trip down she having made the fastest passage from San Francisco to this port at this time of year since the trip of the bark Mohican in 1897, which occupied 17 days.

On the ship are forty naval cadets who have been educated in the Naval Academy at Buenos Aires, the capital city of Argentina. Besides the cadets are the regular sailors of the navy and about one hundred apprentices in all about 350 men in the crew.

The officers are most courteous and resemble American naval officers in appearance and manner more than the officers of any other foreign vessel ever here. They are very glad to see visitors, and the public are welcome on board at any time. As is the custom on many war ships, the Sarmiento has a paper published aboard. The first issue made its appearance on June 30 in Long. 147 deg. 24 min. W., Lat. 24 deg. 46 min. W. It is called "El Sarmiento." The initial number contains articles by the officers and cadets. Among them are "The Plurality of Inhabited Worlds," founded on the theory of Flammarion, the great French astronomer; "Captain Cook: His Voyages and Discoveries;" "Our Next Call, the Sandwich Islands;" "History of the Ship Sarmiento;" "The Art of Boxing;" "Maxims of the Service in Port."

In the article on the Islands mention is made of a visit of the great Argentine buccaneer Buchardo, who came here in 1818, and
